AIG showcases United Networks Insurtech Solutions at the FinTech Festival

AIG showcases United Networks Insurtech Solutions at the 2018 Singapore Fintech Festival from 12-14 November. Working together, AIG Asia Pacific Insurance Pte. Ltd. & United Networks Solutions are helping customers stay connected and feel secure as they travel. The United Networks unlimited Wifi and 24/7 SOS alerts are provided to you on a complimentary basis when you purchase [AIG's Travel Guard® Direct](#) product. Visit the AIG booth (Booth 4D25) today! #SGFinTechFest

Powered by
 **United Networks**

United Networks Trust platform is an all-in-one, white label turnkey solution for travel risk management that allows you to engage, connect and **actively care** for your customers.

The United networks “App” is a modular app that now delivers multiple connectivity, engagement and payment solutions into the one app.

SOS Alerts provides actionable intelligence and analysis delivered to the right people at the right time and place powered by the United Trust platform 24/7/365 day a year. Our platform allows you to locate, monitor and engage with your customers via multi-channel mass messaging based on their location and preferences.
